Vinegar can be used in many ways

By SHIRLEY W. WALTON
Extension Agent

NOTE: Because of requests, I am running this article again.

We use vinegar for pickling, preserving, tenderising tough meat and fowl and adding a sour pungent flavor to dishes ranging from vinegar pie to tomato ketchup and salad dressing. Vinegar can be used in the following ways to help us with our homemaking activities and save many dollars in the family budget:

Washing windows–Use 1 cup vinegar in 2 quarts warm water.

Burned-On Food–Remove burned-on food from a cooking pot by filling the pan with a mixture of hot water, ½ cup vinegar and 2 tablespoons of baking soda. Bring to a boil and let simmer for 30 minutes.

Shower Curtains–Remove soapy film or mildew and grime from shower curtains by wiping with a cloth dampened with vinegar and rinse clean.

Grease-Clogged Drains–Grease clogged drains can be cleaned by pouring a handful of baking soda, followed by a cup of vinegar. (No caustic fumes escape when you use this type of solution.)

Lime Deposits–The deposits in coffee pots and tea kettles or double boilers can be removed when you cover the deposits with vinegar and let them soak.

Setting Colors–Add a cup of white vinegar to the water in final rinse cycle when washing new clothes. This will set the color. This also makes clothes smell fresh and clean.

Salt Stains–Salt stains from boots or shoes can be cleaned with a cloth dipped in white vinegar. Wring cloth out and wipe the boots or shoes clean. Be sure to check boots before they are stored away for next winter.

Garbage Odors–Keep your sink's garbage disposal, trash cans and odor keeping containers free by pouring a cup of vinegar in them once a week. Let the containers stand overnight.

Ink Stains–Cover ink stains with salt for one minute. Then wipe with white vinegar.

Bread Box–Keep your bread box smelling sweet and fresh. Put one tablespoon of white vinegar in a cup of warm water and sponge clean.

Painted Walls and Woodwork–These will look like new after washing if you add a cup of white vinegar to the final rinse water.

Thermos Bottles–Clean the inside of thermos bottles with soap and water. Add a little white vinegar to the bottle and shake well. This will remove any odors that might collect.

Vinyl Floors–When vinyl floors are discolored by cleaners or lye, wash them with white vinegar and water.

Hard Cooked Eggs–Hard cooked eggs peel quickly and easily when several tablespoons of vinegar have been added to the water before cooking.

Perspiration Stains–These may be removed from clothing by sponging the clothing item with warm white vinegar. (Heat vinegar in saucepan.)

Hemless–Removes hemline from a garment by dampening that line with white vinegar. Rub the line briskly with an old toothbrush, cover with a pressing cloth and presto, the line has disappeared.

NOTE: I would suggest that you use white vinegar anytime you are cleaning plastic or fabric.

SPECIAL MEETING: June 21, 1984, 9:00 a.m. - 3:00 p.m., will be Food Preservation Day at the Appomattox County Extension Office. You may get your pressure canner lid tested and pick up free up-to-date information on canning, pickling, jelly making and freezing.

If you have a homemaking question or problem, you may call 352-8244 or write P.O. Box 488, Appomattox, VA 24522.

Have a good week!

Recipe of the Week
Spectacular Strawberry Dessert
1 angel food cake
1 box wild strawberry gelatin
1 cup water
1 pt. frozen or fresh strawberries sliced or whole, sweetened
1 qt. vanilla ice cream
1 large box lemon instant pudding mix
1/2 cup milk

Break angle food cake in small pieces and line bottom of large container. Mix gelatin and water together. Add strawberries to it. Set aside to cool. Soften ice cream. Then beat ice cream and instant pudding and ½ cup milk together. Cover cake with this mixture. Pour strawberry mixture. Chill in refrigerator until ready to serve.

Thanks to Elizabeth Hancock, my sister-in-law, for sharing this delicious dessert with us. This will be great to use during the strawberry season or anytime for a special dessert.

Our office has received request for this to be put in the paper again.
